

This year we had over 80 campers and staffers attend our 32nd National Camp Phoenix for young burned survivors. Because of your generosity and continued support, we have been able to continue our mission. We are honored and feel humbled to be given this opportunity to serve our children.

YOU made this possible°

Year in Review 2022

33 years ago I founded the Burned Children Recovery Foundation after learning that over 280,000 children are burned annually in the United States. We are Honored to report, that over 145,700 families have been affected by our programs and services. We could not have done this without the thousands of donors and volunteers who raised the necessary funding needed and the hundreds of volunteers that help us achieve this great milestone of service. Recovering from burns is not an easy thing; however, because of your support of our children, they have been given an opportunity to get past the humiliation and move on to a full productive life. On behalf of our children and our board of directors, thank you for your continued support of our children. It means a lot to the families we help. Blessings to you and your families.

Michael T. Mathis, Founder - Burned Children Recovery Foundation

Kathleen Mathis, Executive Director

BURNED CHILDREN RECOVERY FOUNDATION

Camp Phoenix provides an opportunity for children recovering from burn injuries to meet other children who share similar feelings and experiences.

It's a week full of friendship, sharing, and activities that provide physical and emotional challenges to invoke a feeling of accomplishment no matter how small.

Special Thanks go out to these supporters who were personally involved with our children in 2022
